QUALITY MAKES THE DIFFERENCE

FANUC

FANUC

## The advantages BVS has to offer:

- ✓ Repair service, exchange and replacement parts – always reconditioned and at fixed prices
- ✓ High availability & delivery speed via exclusive access to the manufacturer's entire stock
- ✓ More favourable conditions than FANUC
- ✓ Supply of all deliveries & services via FANUC
- ✓ Service and support with no risk of discontinuation
- ✓ Exclusive use of original components
- ✓ Fully compatible HMI/IPC replacement solutions under our own unipo® brand

## CNC systems, industrial robots and accessories for every requirement

Products manufactured by Fanuc stand for the highest quality and meet the user's specific requirements. We have particularly focused on **CNC systems, industrial robot components, drives and motors** from this globally leading company which specialises in factory automation solutions. With our extensive range of services consisting of **repair, sale and service** we will be happy to help you at any time – regardless of whether you have a faulty **FANUC assembly** or quickly require a replacement or new part. With over **40,000 FANUC assemblies** in our product range, we have a suitable solution for every requirement.

Thanks to our exclusive access to the manufacturer's entire stock, we can deliver the required item in a very short amount of time. You will benefit from more attractive prices as compared to purchasing the item

directly from **FANUC**. By **using original components** for **product overhaul repairs**, you will always receive a **24-month warranty\*** on the **complete assembly**. This also applies when purchasing replacement parts or exchanging assemblies. The purchase of a **FANUC assembly** will ensure you are well equipped for the future as we guarantee lifetime **service and support with no risk of discontinuation**.

For existing **HMI/IPC applications** manufactured by **FANUC**, we also offer **fully compatible replacement solutions** under our own **unipo®** brand.

Our sales team is available to answer your questions around the clock.
