QUALITY MAKES THE DIFFERENCE

HELLER

## The advantages BVS has to offer:

- ✓ 24/7 availability
- ✓ New, replacement and exchange parts as well as general reconditioned repairs for the HELLER uni-Pro 90 product range at fixed prices
- ✓ Use of original components
- ✓ Function and load test for the HELLER uni-Pro 90 product family
- ✓ Fully compatible HMI/IPC replacement solutions under our own unipo® brand

## HELLER uni-Pro 90

Are you looking for a specialist service centre for your **HELLER assemblies** but haven't had much luck yet?

**Machine tools** manufactured by **HELLER** are used around the world in the machining sector. Many of the older processing centres are using the "**uni-Pro 90**" controller for which we can complete **reconditioned repairs** for the **entire product range** as well as **selling new**, replacement and **exchange parts**. We are also able to test these **HELLER controllers** on our internally developed test stand and guarantee full functionality following repair. By using **original components** for every repair, we can also offer you a **24-month warranty\*** on the complete assembly.

The product portfolio for the **HELLER uni-Pro 90 product range** currently consists of **inputs and outputs, plug-in cards** from the **ACPU90 range, control panels, system cards** and **power modules**.

For existing **HMI/IPC applications** manufactured by **HELLER**, particularly the **uni-Pro 90** and **uni-Pro 80 controller**, we also offer **fully compatible replacement solutions** under our own **unipo®** brand.

We are available to answer your questions around the clock.

24/7 Hotline: **+49 6181 95404-200**

Fax: **+49 6181 95404-5**

E-mail: **service@bvs-cnc.de**
